Subject: This week

Lots of meetings with legislators, interested parties, and perhaps Beth and Wayne on ZEN.

I am checking with Bryan in LH's office on LSC draft. You need to make sure Chuck contacts LH and delivers the Speaker's message that we are to work through Seitz.

I am refining the outreach list and timeline I sent two weeks ago. I'd like to chat with you on this.

Lawyer group has a call today to finish the restructuring bill draft.

From: +13302831180 Michael Dowling  
To: Jones, Chuck (owner)

I talked to Matt. He's going to contribute \$100k to our effort with Hard Working Ohioans. As for your Your Friday morning message to Bob Murray: Bob - I know we help each other a lot and I can't tell you how much I appreciate it. I hope you find our relationship valuable. I met with Speaker Householder a few days ago. We believe in Larry and think he can and will be Ohio's next Speaker. That's important to all of us. He has a need for a final push. We've committed \$700k to the effort and I'd like to ask for your help with \$100k. It's a C(4) so corporate contributions are permitted. Mike Dowling sent all the information with Mike Carey. I hope you can help me. (We helped them in WV and of course we've helped them in a lot of ways over the past few years - as you know more than me!).

His term limit initiative. 16 years lifetime max in legislature starting when it passes. No need to switch houses. But after 16 your done for good.

The language would reset any legislator still serving in Jan 2021. Householder and Huffman would have a fresh 16 years, Obhof our.

Voters still like term limits. Proponents will have to convince voters that 16 in total (could all be in one chamber) is better than flip-flopping.

Having received a constitutional majority of all votes cast, Larry Householder was declared the duly elected Speaker of the House of Representatives of the One Hundred Thirty-Third General Assembly of the State of Ohio.

The Chair appointed Representatives Carfagna, Seitz, LaTourette, Patton, Reineke, Ryan, Lanese, Gavarone, Strahorn, Sykes, Kelly, and Smith, K. to escort Speaker Householder to the bar of the House.

Upon being presented, Speaker Householder was administered the oath of office by the Honorable Patrick F. Fischer, Justice of the Ohio Supreme Court, and entered upon the discharge of his duties.

The Speaker then addressed the House as follows:

"Well either over the last 18 years this dais has gotten smaller or I have gotten larger, but this is marble so I don't think it's the fact that it's gotten smaller. And I also see the boards a little little more blurry but we're back in the people's house.

And what I'd like to do today is make some brief remarks which I'm sure that those of you that know me will be happy for that, and then I would like to recess the House until the joint session tonight and then we have some housekeeping that we need to do at the end of that joint session. And that's the way I guess we're going to try to move forward.

First of all welcome to the 133rd General Assembly. I want to congratulate all of you as newly elected state representatives.

And I want to thank all of you in the gallery - all of your families who have allowed you to come forth and serve the people of the state of Ohio. I'm sure you're all very proud of the folks that you brought here to serve your communities. We are very proud to have you here. And you're always welcome in the people's house.

This has been a very divisive time. There's no doubt about that. And the first thing I guess I would like to say - I'd like to call Ryan Smith up here if I could. Come on up Ryan.

Ryan took the helm of leadership of this house during a very difficult time and has served it admirably over the last six months.

And I know that he and I have not become the best of friends to say the least, but I will say that he is a member of a very small fraternity and that's folks that have served this chamber.

And with that I welcome you Ryan and if you'd like to make some remarks you're more than welcome.

And next I'd like to call minority leader Fred Strahorn up again - a very worthy opponent through this whole thing. And I served with Fred my first tenure in the House as Speaker. Fred was one of the members. And so I'd like to think I know him well. Fred Strahorn.

I want to make my pledge to both of these gentlemen that were just up here that I want to work with them. I think they're both people of amazing talents. And quite frankly that's why I came back.

You know when I left this chamber 14 years ago, I guess - I left it in a condition that I thought was very good and I knew that term limits were going to change a lot of things. I knew that unless we work constantly at this, that lobbyists were going to become more powerful because, let's face it - they're not term limited. That the agencies and state employees - the bureaucrats some of us like to call them - they were going to become much more powerful because they're not term limited. So really, the only folks that represent the people are the folks that can't be here the longest because they're term limited. And so all those years and years of experience go away. Usually the governor has more power and we've got to work every single day to try to make certain that we're doing the right thing, we're working as hard as we can, and we get through all those things.

I like to take a bipartisan approach. You know when you look at Washington D.C. I was asked the other day what it was like when I came back, and the analogy that I used was it was like walking into a junior high gymnasium during a dance that everybody was looking for a corner. There's no activity unless we all get out in the middle of the floor and we've all got to work really hard with each other to make sure that happens. If you take it seriously and you really want to work in a bipartisan fashion, you can work

through all the issues. You can find ways not to have walls but to add windows. You can find ways to cross rivers, open doors.

All these things are possible. May take a little more time. May take a little more committee work, but you can get there, and we ought to strive to do that. Because out of the 99 people in this chamber, you represent every single man woman and child in what I believe to be the greatest state in the United States. The state of Ohio.

Some things that I have noticed that frankly, I'd like to see in the House of Representatives. We have to always remember that the people of Ohio have given this building to all of us as a tool, and how we use this tool is of our own choice. We can use this tool to tear apart. We can use this tool to separate. Or we can use this tool as others have before us to build.

You know Ohio is a fantastic place to live work and raise a family. It can be even better. Ohio used to be the state that every state in the nation was envious of because we had it all. We had great manufacturing. We had agriculture. We had ingenuity with the brightest minds in the world right here in the state of Ohio.

We haven't lost that. We're off our game a little bit, but we haven't lost that, and it's our job here in this General Assembly to make absolutely certain that we return Ohio to that status. The greatest state, the greatest nation of the world. That's number one.

There's a few things that are important as we proceed forward and one is that we have a professional environment in this house.

In today's world we're faced with a lot of things. We're faced with a lot of cultural diversity. We're faced with a lot of issues regarding genders. And so I think it's really really important - very important - that we look at a professional H.R. person to run our house administration department. That person should be able to deal with the complexities of the employment in this house.

It's not as easy as it once was. Many times those were partisan people picked, and today there's so much more to human resources. I believe that that's going to be very important as we move forward.

I also think that it's important that the House of Representatives open itself up. And one of the things that I'm going to advocate for are the TV cameras that are in those committee rooms be turned on.

There are so many people in the state of Ohio who for whatever reason can't get here to see their government operate in action and in person. And by switching those TV cameras on and giving the opportunity for people to see the work that we do in those committees, I think we're going a long way to try to open the doors of our state house.

Secondly, I am a firm believer that we table way too many amendments in

committee. If there's any place that the people's business is truly done, truly accessible, where we can make the most difference - it's in those committee rooms. And so I'm going to advocate a rule change - that rule change being that tabling of committees, unless it's for constitutional reasons, or not germane to the bill, or maybe it's been offered previously in some form, should never be tabled. We're going to talk about these issues and we're going to discuss them, and we're going to vote because the people of the state of Ohio, that's what they expect us to do. They can't be here to vote. So they send us here. Debate it, understand it, decide, and vote.

Another change that I would like to advocate for in our rules is that we go back to having amendments on the floor of the house, without the two-hour previous requirement that we have to present that to the clerk. I remember when I first came here in 1997 - LSC back there - you could run up the aisle way, make an amendment, come back down, and as long as you could get it in front of the speaker before the bill was voted on, you were going to have a debate on your amendment.

And I'll tell you why that's really important. It's important. I remember when I was a freshman, there was a water issue that was really important to my district, and I was sitting in one of those chairs. I looked at this bill, and frankly, it passed me by in committee. I hadn't seen it in committee. And as I started to study that bill, that amendment fit in that bill and it was germane to the subject matter. Back I raced to the LSC desk, came back down the aisle, and spoke with leadership. We talked about it. We presented the bill and it was passed. The amendment was passed, the bill was passed.

Those opportunities are how each and every single one of you can better represent your folks back home. Accessibility, openness, the ability for them to sit at home and watch what each one of us do every single day, I think are all ways that we can be even better for the people of Ohio than we already are today.

I'd also like to see some standing committees established. I'd like to see a standing committee on primary and secondary education. I'd like to see a standing subcommittee on criminal sentencing reform, and I'd like to see a standing subcommittee on energy generation.

These are issues that are so important to everyone in the state of Ohio. They need great debate. They need great understanding. And also we need bipartisanship in those issues, and that's why I'm going to call for a co-chair of each of those committees. One Republican and one Democrat in those standing subcommittees.

This truly is the people's house. We want this place to be accessible. It is our tool to use. We're going to use it the very best way that we can.

I pledged to work with every single one of you. For those of you that supported me in the speaker's race - obviously we're going to work together.

For those of you that didn't support me in the speaker's race - well that means I've got to earn your respect and your trust moving forward. So I'm going to do everything I can to work with you as well.

Again I welcome everyone here. I hope you enjoy this very historical place at this very historical moment. And I want to congratulate each and every one of you and thank you for allowing me to serve in this position once again."

## Ohio House Approves Rules For 133rd General Assembly

February 06, 2019

[ [Larry Householder Home](#) | [Larry Householder Press](#) ]

COLUMBUS - The Ohio House of Representatives today approved the House Rules for the 133<sup>rd</sup> General Assembly.

The resolution confirming Rules of the House for the 133<sup>rd</sup> General Assembly passed with strong bipartisan support. Rules for this general assembly have been updated to reflect references to the current general assembly while also including the following notable changes:

- Committees will have a 60/40 split between Majority/Minority party
- Substitute bills cannot be considered before Legislative Service Commission synopsis is available
- Eliminates blocking amendments
- Limits tabling of amendments in committee
- Any member may insist on call for yeas & nays
- Eliminates requirements that discharge petitions be signed in front of the Clerk
- There will be three sub-committees co-chaired by the Majority and Minority Caucus: Criminal Sentencing, Energy Generation, and Primary/Secondary Education

"We're back in the People's House," said Speaker Householder. "With the rules that were unanimously approved today, we have laid the groundwork for a highly successful 133<sup>rd</sup> General Assembly. We will be a more collaborative, transparent body; the people of Ohio will be well served by a more open process and these rules are a significant step in that direction."

distribution of moneys in the Ohio clean air program fund unless 446  
or until there are adequate moneys available in the Ohio clean 447  
air program fund. Nothing herein shall cause any such pledge to 448  
be construed or applied to create, directly or indirectly, a 449  
general obligation of or for this state. 450

**Sec. 3706.50.** (A) Not later than ninety days after the 451  
effective date of this section, the Ohio air quality development 452

**H. B. No. 6**  
**As Introduced**

authority shall adopt rules under Chapter 119. of the Revised 453  
Code that are necessary to begin implementation of the Ohio 454  
clean air program. The rules adopted under this division shall 455  
include provisions for tracking the number of clean air credits 456  
earned by each certified clean air resource during each month of 457  
a program year, based on the information reported under section 458  
3706.48 of the Revised Code. 459

(B) Not later than two hundred seventy-five days after the 460  
effective date of this section, the authority shall adopt rules 461  
under Chapter 119. of the Revised Code that are necessary for 462  
the further implementation and administration of the Ohio clean 463  
air program. 464

**Sec. 4928.46.** (A) In the event that the federal energy 465  
regulatory commission authorizes a program by which this state 466  
may take action to satisfy any portion of the capacity resource 467  
obligation associated with the organized wholesale market that 468  
functions to meet the capacity, energy services, and ancillary 469  
services needs of consumers in this state, the public utilities 470  
commission shall promptly review the program and submit a report 471  
of its findings to the general assembly. 472

(B) The report shall include any recommendations for 473  
legislation that may be necessary to permit this state to 474  
beneficially participate in any such program. 475

**Sec. 4928.47.** (A) As used in this section, "clean air 476  
resource" means any of the following: 477

(1) A clean air resource as defined in section 3706.40 of 478  
the Revised Code; 479

(2) A customer-sited renewable energy resource; 480

(3) A renewable energy resource that is a self-generator. 481

**H. B. No. 6**  
**As Introduced**

**Page 18**

(B) (1) Through its general supervision, ratemaking, cost 482  
assignment, allocation, rate schedule approval, and rulemaking 483  
authority, as well as its authority under section 4905.31 of the 484  
Revised Code, the public utilities commission shall facilitate 485  
and encourage the establishment of retail purchased power 486  
agreements having a term of three years or more through which 487  
consumers commit to satisfy a portion of their electricity 488  
requirements from the output of a clean air resource. 489

(2) The commission's application and administration of 490  
this section shall be the same for all clean air resources 491  
regardless of whether the resource is certified or eligible for 492  
certification under the Ohio clean air program created under 493  
section 3706.42 of the Revised Code. 494

(3) In addition to any other benefits that may be 495  
available as a result of the commission's application of its 496  
authority under this section, on the effective date of a retail 497  
purchased power agreement, the commission may exempt such 498  
purchasing consumer from all of the following, provided the 499  
customer agrees to forgo the benefits from compliance with the 500  
programs established in sections 3706.42, 4928.64, and 4928.66 501  
of the Revised Code: 502

(a) The Ohio clean air program charge established in 503  
section 3706.47 of the Revised Code; 504

(b) The renewable energy charge for compliance with 505  
section 4928.64 of the Revised Code; 506

(c) The energy efficiency and peak demand reduction charge 507  
for compliance with section 4928.66 of the Revised Code. 508

(C) (1) Not later than ninety days after the effective date 509  
of this section, the commission shall promulgate rules under 510

**H. B. No. 6**  
**As Introduced**

Chapter 119. of the Revised Code as necessary to begin the 511  
implementation of this section. 512

(2) Not later than two hundred seventy-five days after the 513  
effective date of this section, the commission shall promulgate 514  
rules for further implementation and administration of this 515  
section. 516

**Sec. 4928.471.** (A) Not earlier than thirty days after the 517  
effective date of this section, an electric distribution utility 518  
may file an application to implement a decoupling mechanism for 519  
the 2019 calendar year and each calendar year thereafter. For an 520  
electric distribution utility that applies for a decoupling 521  
mechanism under this section, the base distribution rates for 522  
residential and commercial customers shall be decoupled to the 523  
base distribution revenue and revenue resulting from 524  
implementation of section 4928.66 of the Revised Code and 525  
recovered pursuant to an approved electric security plan under 526  
section 4928.143 of the Revised Code, as of the twelve-month 527  
period ending on December 31, 2018. An application under this 528  
division shall not be considered an application under section 529  
4909.18 of the Revised Code. 530

(B) The commission shall issue an order approving an 531  
application for a decoupling mechanism filed under division (A) 532  
of this section not later than sixty days after the application 533  
is filed. Before approving the application, the commission shall 534  
verify that the rate schedule or schedules are designed to 535  
recover the electric distribution utility's 2018 annual revenues 536  
as described in division (A) of this section and that the 537  
decoupling rate design is aligned with the rate design of the 538  
electric distribution utility's existing base distribution 539  
rates. The decoupling mechanism shall recover an amount equal to 540

**H. B. No. 6**  
**As Introduced****Page 20**

the base distribution revenue and revenue resulting from 541  
implementation of section 4928.66 of the Revised Code and 542  
recovered pursuant to an approved electric security plan under 543  
section 4928.143 of the Revised Code, as of the twelve-month 544  
period ending on December 31, 2018. The decoupling mechanism 545  
shall be adjusted annually thereafter to reconcile any over 546  
recovery or under recovery from the prior year and to enable an 547  
electric distribution utility to recover the same level of 548  
revenues described in division (A) of this section in each year. 549

(C) The commission's approval of a decoupling mechanism 550  
under this section shall not affect any other rates, riders, 551  
charges, schedules, classifications, or services previously 552  
approved by the commission. The decoupling mechanism shall 553  
remain in effect until the next time that the electric 554  
distribution utility applies for and the commission approves 555  
base distribution rates for the utility under section 4909.18 of 556  
the Revised Code. 557

**Sec. 4928.644.** (A) The public utilities commission may 558  
reduce either baseline described in section 4928.643 of the 559  
Revised Code to adjust for new economic growth in the electric 560  
distribution utility's certified territory or in the electric 561  
services company's service area in this state. 562

(B) For an electric distribution utility, neither baseline 563  
shall include the load and usage of a customer who is subject to 564  
the monthly charge established under section 3706.47 of the 565  
Revised Code unless or until the customer opts to pay the charge 566  
associated with compliance with section 4928.64 of the Revised 567  
Code. 568

**Sec. 4928.66.** (A) (1) (a) Beginning in 2009, an electric 569  
distribution utility shall implement energy efficiency programs 570

**H. B. No. 6  
As Introduced**

that achieve energy savings equivalent to at least three-tenths 571  
of one per cent of the total, annual average, and normalized 572  
kilowatt-hour sales of the electric distribution utility during 573  
the preceding three calendar years to customers in this state. 574  
An energy efficiency program may include a combined heat and 575  
power system placed into service or retrofitted on or after the 576  
effective date of the amendment of this section by S.B. 315 of 577  
the 129th general assembly, September 10, 2012, or a waste 578  
energy recovery system placed into service or retrofitted on or 579  
after September 10, 2012, except that a waste energy recovery 580  
system described in division (A) (38) (b) of section 4928.01 of 581  
the Revised Code may be included only if it was placed into 582  
service between January 1, 2002, and December 31, 2004. For a 583  
waste energy recovery or combined heat and power system, the 584  
savings shall be as estimated by the public utilities 585  
commission. The savings requirement, using such a three-year 586  
average, shall increase to an additional five-tenths of one per 587  
cent in 2010, seven-tenths of one per cent in 2011, eight-tenths 588  
of one per cent in 2012, nine-tenths of one per cent in 2013, 589  
and one per cent in 2014. In 2015 and 2016, an electric 590  
distribution utility shall achieve energy savings equal to the 591  
result of subtracting the cumulative energy savings achieved 592  
since 2009 from the product of multiplying the baseline for 593  
energy savings, described in division (A) (2) (a) of this section, 594  
by four and two-tenths of one per cent. If the result is zero or 595  
less for the year for which the calculation is being made, the 596  
utility shall not be required to achieve additional energy 597  
savings for that year, but may achieve additional energy savings 598  
for that year. Thereafter, the annual savings requirements shall 599  
be, for years 2017, 2018, 2019, and 2020, one per cent of the 600  
baseline, and two per cent each year thereafter, achieving 601  
cumulative energy savings in excess of twenty-two per cent by 602

**H. B. No. 6  
As Introduced**

the end of 2027. For purposes of a waste energy recovery or  
combined heat and power system, an electric distribution utility  
shall not apply more than the total annual percentage of the  
electric distribution utility's industrial-customer load,  
relative to the electric distribution utility's total load, to  
the annual energy savings requirement.

(b) Beginning in 2009, an electric distribution utility  
shall implement peak demand reduction programs designed to  
achieve a one per cent reduction in peak demand in 2009 and an  
additional seventy-five hundredths of one per cent reduction  
each year through 2014. In 2015 and 2016, an electric  
distribution utility shall achieve a reduction in peak demand  
equal to the result of subtracting the cumulative peak demand  
reductions achieved since 2009 from the product of multiplying  
the baseline for peak demand reduction, described in division  
(A) (2) (a) of this section, by four and seventy-five hundredths  
of one per cent. If the result is zero or less for the year for  
which the calculation is being made, the utility shall not be  
required to achieve an additional reduction in peak demand for  
that year, but may achieve an additional reduction in peak  
demand for that year. In 2017 and each year thereafter through  
2020, the utility shall achieve an additional seventy-five  
hundredths of one per cent reduction in peak demand.

(2) For the purposes of divisions (A) (1) (a) and (b) of  
this section:

(a) The baseline for energy savings under division (A) (1)  
(a) of this section shall be the average of the total kilowatt  
hours the electric distribution utility sold in the preceding  
three calendar years. The baseline for a peak demand reduction  
under division (A) (1) (b) of this section shall be the average

**H. B. No. 6  
As Introduced**

peak demand on the utility in the preceding three calendar 633  
years, except that the commission may reduce either baseline to 634  
adjust for new economic growth in the utility's certified 635  
territory. Neither baseline shall include the load and usage of 636  
any of the following customers: 637

(i) Beginning January 1, 2017, a customer for which a 638  
reasonable arrangement has been approved under section 4905.31 639  
of the Revised Code; 640

(ii) A customer that has opted out of the utility's 641  
portfolio plan under section 4928.6611 of the Revised Code; 642

(iii) A customer that has opted out of the utility's 643  
portfolio plan under Section 8 of S.B. 310 of the 130th general 644  
assembly; 645

(iv) A customer who is subject to the monthly charge 646  
established by section 3706.47 of the Revised Code until or 647  
unless the customer opts to pay the costs associated with 648  
compliance with this section. 649

(b) The commission may amend the benchmarks set forth in 650  
division (A)(1)(a) or (b) of this section if, after application 651  
by the electric distribution utility, the commission determines 652  
that the amendment is necessary because the utility cannot 653  
reasonably achieve the benchmarks due to regulatory, economic, 654  
or technological reasons beyond its reasonable control. 655

(c) Compliance with divisions (A)(1)(a) and (b) of this 656  
section shall be measured by including the effects of all 657  
demand-response programs for mercantile customers of the subject 658  
electric distribution utility, all waste energy recovery systems 659  
and all combined heat and power systems, and all such mercantile 660  
customer-sited energy efficiency, including waste energy 661

**H. B. No. 6  
As Introduced**

recovery and combined heat and power, and peak demand reduction 662  
programs, adjusted upward by the appropriate loss factors. Any 663  
mechanism designed to recover the cost of energy efficiency, 664  
including waste energy recovery and combined heat and power, and 665  
peak demand reduction programs under divisions (A) (1) (a) and (b) 666  
of this section may exempt mercantile customers that commit 667  
their demand-response or other customer-sited capabilities, 668  
whether existing or new, for integration into the electric 669  
distribution utility's demand-response, energy efficiency, 670  
including waste energy recovery and combined heat and power, or 671  
peak demand reduction programs, if the commission determines 672  
that that exemption reasonably encourages such customers to 673  
commit those capabilities to those programs. If a mercantile 674  
customer makes such existing or new demand-response, energy 675  
efficiency, including waste energy recovery and combined heat 676  
and power, or peak demand reduction capability available to an 677  
electric distribution utility pursuant to division (A) (2) (c) of 678  
this section, the electric utility's baseline under division (A) 679  
(2) (a) of this section shall be adjusted to exclude the effects 680  
of all such demand-response, energy efficiency, including waste 681  
energy recovery and combined heat and power, or peak demand 682  
reduction programs that may have existed during the period used 683  
to establish the baseline. The baseline also shall be normalized 684  
for changes in numbers of customers, sales, weather, peak 685  
demand, and other appropriate factors so that the compliance 686  
measurement is not unduly influenced by factors outside the 687  
control of the electric distribution utility. 688

(d) (i) Programs implemented by a utility may include the 689  
following: 690

(I) Demand-response programs; 691

**H. B. No. 6  
As Introduced**

(II) Smart grid investment programs, provided that such programs are demonstrated to be cost-beneficial;

(III) Customer-sited programs, including waste energy recovery and combined heat and power systems;

(IV) Transmission and distribution infrastructure improvements that reduce line losses;

(V) Energy efficiency savings and peak demand reduction that are achieved, in whole or in part, as a result of funding provided from the universal service fund established by section 4928.51 of the Revised Code to benefit low-income customers through programs that include, but are not limited to, energy audits, the installation of energy efficiency insulation, appliances, and windows, and other weatherization measures.

(ii) No energy efficiency or peak demand reduction achieved under divisions (A) (2) (d) (i) (IV) and (V) of this section shall qualify for shared savings.

(iii) Division (A) (2) (c) of this section shall be applied to include facilitating efforts by a mercantile customer or group of those customers to offer customer-sited demand-response, energy efficiency, including waste energy recovery and combined heat and power, or peak demand reduction capabilities to the electric distribution utility as part of a reasonable arrangement submitted to the commission pursuant to section 4905.31 of the Revised Code.

(e) No programs or improvements described in division (A) (2) (d) of this section shall conflict with any statewide building code adopted by the board of building standards.

(B) In accordance with rules it shall adopt, the public utilities commission shall produce and docket at the commission

**H. B. No. 6  
As Introduced**

an annual report containing the results of its verification of 721  
the annual levels of energy efficiency and of peak demand 722  
reductions achieved by each electric distribution utility 723  
pursuant to division (A) of this section. A copy of the report 724  
shall be provided to the consumers' counsel. 725

(C) If the commission determines, after notice and 726  
opportunity for hearing and based upon its report under division 727  
(B) of this section, that an electric distribution utility has 728  
failed to comply with an energy efficiency or peak demand 729  
reduction requirement of division (A) of this section, the 730  
commission shall assess a forfeiture on the utility as provided 731  
under sections 4905.55 to 4905.60 and 4905.64 of the Revised 732  
Code, either in the amount, per day per undercompliance or 733  
noncompliance, relative to the period of the report, equal to 734  
that prescribed for noncompliances under section 4905.54 of the 735  
Revised Code, or in an amount equal to the then existing market 736  
value of one renewable energy credit per megawatt hour of 737  
undercompliance or noncompliance. Revenue from any forfeiture 738  
assessed under this division shall be deposited to the credit of 739  
the advanced energy fund created under section 4928.61 of the 740  
Revised Code. 741

(D) The commission may establish rules regarding the 742  
content of an application by an electric distribution utility 743  
for commission approval of a revenue decoupling mechanism under 744  
this division. Such an application shall not be considered an 745  
application to increase rates and may be included as part of a 746  
proposal to establish, continue, or expand energy efficiency or 747  
conservation programs. The commission by order may approve an 748  
application under this division if it determines both that the 749  
revenue decoupling mechanism provides for the recovery of 750  
revenue that otherwise may be forgone by the utility as a result 751

**H. B. No. 6  
As Introduced**

of or in connection with the implementation by the electric 752  
distribution utility of any energy efficiency or energy 753  
conservation programs and reasonably aligns the interests of the 754  
utility and of its customers in favor of those programs. 755

(E) The commission additionally shall adopt rules that 756  
require an electric distribution utility to provide a customer 757  
upon request with two years' consumption data in an accessible 758  
form. 759

**Section 2.** That existing sections 3706.02, 3706.03, 760  
4928.644, and 4928.66 of the Revised Code are hereby repealed. 761

**Section 3.** (A) Not earlier than two years after the 762  
effective date of this section, the Director of Environmental 763  
Protection may apply to the Administrator of the United States 764  
Environmental Protection Agency for an exemption from the 765  
requirement to implement the decentralized motor vehicle 766  
inspection and maintenance program established under section 767  
3704.14 of the Revised Code. In making the application and for 768  
purposes of complying with the "Federal Clean Air Act," the 769  
Director shall request the Administrator to authorize the 770  
implementation of the Ohio Clean Air Program established by this 771  
act as an alternative to the decentralized program in those 772  
areas of the state where the program is currently operating. 773

(B) As used in this section, "Federal Clean Air Act" has 774  
the same meaning as in section 3704.01 of the Revised Code. 775

FES should sue them over this - I believe there is a federal statute that protects companies in bankruptcy from being slandered by a competitor to gain an economic advantage.

FYI- I have the whole HB6 team coming into the office on Monday.

Neil really hates Steiner and Dawson (for good reason) but I don't care. Neil and Rex don't trust each other. Yada, yada, yada. I don't give a shit about their egos.

Here's what I care about- I don't ever want to get another call from you like I got this morning. Let's go win!

Thank you. The service will be Thursday or Friday.

my office prepared this :

It is with deep sorrow that we have to tell you of the passing of Reid Elsass earlier this morning. Reid was a cherished treasure — the first born son, of Rex and Laurie - and brother of Carter and Evan. He was a loving friend to all, a special gift to those who knew him, and a talented leader at Embee Media.

Reid was with our company from the very first day. As an infant, Reid played in The Strategy Group's one-room office above a garage in German Village — and was part of this firm's family for his entire life. He loved each of you and brought a smile — and a hug — to so many of us throughout the years. Now, Reid is embraced by God for eternity and for that we rejoice.

In one instant Reid was in this world. A moment later he was facing our Savior and Redeemer Jesus Christ, and now resides in God's good heaven.

Today, Reid is free from pain and lives as a new creation in the Mansion of the Lord.

This is a sorrowful time for the family and friends of Reid. We ask that you pray for Reid's soul, pray for Rex, Laurie, Carter and Evan — and lift up their families at this difficult time. We will provide you with further information in the coming days. Thank you and God Bless you all.

"He will wipe every tear from their eyes. There will be no more death or mourning or crying or pain, for the old order of things has passed away." - Revelation 21:4

The guy in Naples confirmed today, you can rent out for 1 month minimum, up to 3 times per year. Which means you'd be looking at a long term rental which would bring about \$2000-2200/month.

The contractor thinks the renovation would cost \$150-175k depending on how much mold they find. Realtor thinks the house would sell for \$350-390k post renovations. Thinks he could find an investor to buy it now "as is" in the low \$200s.

Don Manning is getting laced again - my advice to him was :  
I told my folks back home "either your a Buckeye or you aren't" it's high time we start  
defending the assets we have in our own backyard and stop listening to out of state  
competitors trying to close OHIO businesses. These carpet baggers stole our mines, our  
mills and our factories. So far no one has stood up to them ... well I am, right now, the  
question is will you stand with me ?

I imagine Kyle Koehler hasn't helped that attitude. He did not come in privately but rather chose to tell as many people as possible that his constituents were encouraged to call and thank him for his vote when he voted no. Apparently Riedel, Smith, Ryan, Carfagna and Greenspan had the same.

**1:33:29 [Start of transcript]**

Clark: Because back then when they go to dinner, before they did term limits and they did campaign finance reform, um, whether it was significant people that are still alive, that you know very well, that had dinner with the Governor or the candidate they'd give them a \$100,000. Whether it was FirstEnergy, name the name, they'd give them a \$100,000. And, and it was legit, right in hard dollars into their campaign. So they would do that three, four times a year and get this kind of money. Because it was all about, you took the money, it was just reported, they reported on your campaign report you got a \$100,000 from X person.

Edwards: It was unlimited.

Clark: It was unlimited. And then dickhead Voinovich after he takes, he was the most expensive gubernatorial race in 1992, it was like \$10,000,000. He comes out with Dawson and Curt, and they go, we need campaign finance reform. And I go it's interesting that you guys are doing this after you win. And they kept doing this, and who do you think they had carry the bill? Jeff Jacobson. And they all said that we're all, we're all crooks.

Householder: It was a shitty bill.

Clark: We're all crooks and we're all this and we're all that. And my attitude was, isn't that better for you to know exactly who's giving you the money, if somebody wants to give you a \$100,000 let the press go and ask questions, why'd they give you a \$100,000? Right?

Edwards: Now they're just doing it behind, behind the scenes.

Clark: No, now they're going to (c)4s.

Edwards: Mm-hmm.

Clark: And now you're never going to find out. So you, you press did that because you decided to make, to create this world of none of your fucking business. You decided to make it none of your fucking business. And that's something that is just, that's what really turned this place into the wrong attitude.

Edwards: Mm-hmm.

Clark: Um, but it's the only attitude that it has to exist now because the courts have already decided it's none of, it's none of your fucking business. It's just not. We can argue about this all night long it's, it's not your business.

Householder: So I think, I think actually we could pass campaign finance reforms right now, today. It would take the limits off.

Clark: We should.

UC Brian: Term limits?

Session TIER3-8485

Edwards: How would you do it?

Householder: No, no, not term limits.

UC Brian: Campaign.

Householder: Dollars.

UC Brian: Dollars.

Edwards: How would you do it?

Householder: Simple, do it as a bill.

Clark: Right.

Householder: I would argue you've already got it.

Clark: (OV) It's, it's already. Yeah. It's--

Householder: Wouldn't you, wouldn't you rather have full disclosure?

Edwards: Negative you wouldn't make it out of the Senate--(IA).

Clark: I'd rather, I'd rather have, here you'd know what I'd rather have in, in the public environment, I'd rather have when you're out to dinner or you take a trip, let's say that you went instead of pretending that you're in Ohio. You're in the Ohio Senate, instead of pretending that we going to go to Key West to have a fundraiser, let's just call it what it is. Let's call a spade a spade. You're going down there for a free fucking trip and you're getting a \$5,000 benefit from it.

Edwards: Yeah.

Clark: Let's do a cam--, you know, put it in a campaign expenditures that you, that lobbyists paid \$5,000 for you to go.

Edwards: Now we got to worry, now we got to worry my next candidates going to beat the shit out of me.

Clark: Well but, but or you justify where you did it. Either you explain it or you--

Edwards: (OV) Or they will explain it for you.

Clark: Right so, so that I think is in itself enough. Now Bill Seitz would take, Bill Seitz would take a \$100,000 a trip. Bill Seitz if, if we had no limits, he'll fly to Dubai, first class.

(Laughter)

Session TIER3-8485

Clark: Fucking first class, three fucking whores...

UC Vinny: (OV) I knew Bill.

Clark: ...three fucking whores, three fucking whores...

UC Vinny: (UI)

Edwards: (OV) He'd probably have her name on the campaign contribution.

Clark: ...and he won't give a rat's ass.

UC Brian: Yes, Neil (UI).

Householder: And Tom Patton will be flying the plane.

Edwards: (UI) be making coffee or something.

(Laughter)

Clark: Fucking Tom, Tom would be going, I mean Tom would just, you could see Tom on the floor, Tom's pants would be wet.

(Laughter)

Clark: You could, you see, why your pants wet, I mean Tom, I mean if you actually look at...

Edwards: (UI) a million dollar check over here.

Clark: ...if you look at the reports and go back twenty years on, twenty, thirty years on Tom, you'll see that he has--

Householder: \$85,000 a year like clockwork.

Clark: I, I thought it forty a year paying for shit that--

Edwards: His family (UI).

Clark: \$35,000 in, no, not thirty-five, \$27,000 in sports tickets.

Edwards: Well, he's a, he's a ticket union guy.

Householder: A ticket taker.

Clark: Yeah, a ticket taker...

(Laughter)

Session TIER3-8485

UC Vinny: In a union.

Clark: ...but he still buys it from the Browns. And it's, I wish you basketball, football, okay?

Householder: \$3,500 a month to his legal counsel.

Clark: Legal counsel.

Householder: For his daughter.

Clark: His daughter.

Gray: And his former LA (UI) John Henry who makes like forty K a year off of him.

Edwards: So here's, here's the issue though that I see in passing the bill. I don't think that there's enough people in the legislature that even understand (c)4s. I bet they don't have a clue what a, if you sat down with us I guarantee the majority of, I guarantee--

Gray: (OV) If they've been attacked by one, they do. (Laughter)

Edwards: I guarantee there's, there's probably eighty legislators in the House.

Clark: (OV) But (c)4s, (c)4s aren't going to go away if you do, if you do, if you do hard dollar changes. But what I think what hard dollar changes brings, whether for expenditures or for campaigns.

Edwards: It brings light.

Clark: It brings, it brings light back in and it says to people, quit busting my balls about a \$75 dinner.

Householder: You know what I think?

Clark: Don't bust my balls.

Householder: And I was going to have this discussion with you anyway this is the, this is the perfect time to talk about it. I think, I think, uh, FES and, uh, labor needs to consider reporting on the (c)4.

Clark: Oh my God.

Householder: Coming clean. Saying, yeah it's us. It's us. It, it, it is just like I said on television.

Clark: To tell you the truth I really, at this point it's (IA).

Householder: It's an Ohio, yes, we're an Ohio corporation, that are trying to stay in business in Ohio.

Session TIER3-8485

Clark: Right.

Householder: And we are Ohio employees, let us keep our jobs.

Clark: Right.

Householder: And, and go okay, I showed you mine, you show me yours.

Clark: (OV) You show me yours.

(UI)

Householder: (IA) Everybody knows who they are.

Clark: That's my guy. Thank you.

Householder: Everybody knows who they are.

UC Brian: Yeah. There's no fallout for them at all?

Householder: No, everybody already knows who they are. Everybody knows who's, who's funding House Bill Six. When presses asks me about this, what I've told them, I've said, you know who's, who's funding House Bill Six? This, this uh, early in House Bill Six, I said simple, it's Ohio company and wants, wants to stay in Ohio. And it's Ohio workers that want jobs in Ohio. Now who's, who's funding the anti? Well it's simple, out of state people that want to take...

UC Brian: Come in.

Householder: ...yeah, that's what this is about.

Edwards: So the argument then becomes, well we're telling you where our money's coming from (IA).

Householder: Yeah, show me, I showed you mine.

Clark: I'm okay with.

Householder: It's just like, you know, back in the garage in junior high. Right?

(Laughter)

Clark: Hey you know, now you know we.

Householder: (OV) Hey I showed you mine.

Edwards: That's what them New Lexington kids would do.

Session TIER3-8485

UC Vinny: (UI)

Householder: I showed you mine, so you show me yours.

Clark: I need you, I need you...

Householder: They'll never do it.

Clark: ...as you well know...

Householder: (OV) That other bunch will never do it. They'll never do it.

Clark: ...(IA) no you need to, you're welcome to stop.

Edwards: Oh yeah I've actually.

UC Brian: Sorry?

Householder: They're, they're from Texas.

UC Vinny: They're not local?

Householder: They're not going to do it.

UC Vinny: They're not from around here?

UC Brian: (UI)

Householder: They are from Texas.

UC Brian: They can't, right?

Householder: So they're going to sit there and say, hmm. You know they'll never show theirs.

Clark: I it's I, I have, I'm actually at this stage we have done so much. We have, um, over the weekend after I, we have now bought out, uh, eight more signature collection firms so that number is now up to like twenty-five, twenty-six. Um, when they were talking to the signature collection firms, they said they've only collected fifty-five thousand signatures, fifty-five thousand.

Edwards: Thank you.

Clark: Now when we were doing our calculations, you know mine was showing about eighty-seven thousand.

Householder: I thought they were at a hundred twenty-five thousand.

Clark: Hmm? Well I.

Session TIER3-8485

Householder: That's what I would have thought at this point.

Clark: They needed to be at, they needed to be at...

Edwards: No, I'm good.

Clark: ...at this stage now today two, two twenty 'cause remember this is now, we're almost at halfway, we're at the halfway point.

Householder: I'm alright.

Clark: There are twenty-eight days left of the, of the fifty-one, of the fifty-one days that they have to collect signatures they're at.

Householder: Neil, are they stupid? I mean if you're sitting there at fifty-five thousand...

Clark: Even if they're, if they're, but...

Householder: ...signatures right now, well, you know what.

Clark: ...(IA) they try to hire everybody.

Edwards: Let's go home.

Householder: I'm out.

Clark: So of course, today I started circulating the petition saying...

Unknown: Yeah.

Clark: ...support the General Assembly 'cause they, I had to have a vehicle to buy off people in the (UI) and I'm offering them \$25 an hour. And, uh, I'm going, son of a bitch. Either, either these guys are completely fucking stupid or they got a bunch of people going door to door.

Edwards: You need more bodies for that? You need more bodies for that?

Clark: We'll take whatever you've got. We've got people.

Edwards: I can get those, I can get some of these college Republicans.

Clark: (OV) If you got people, you need.

Householder: Could you get bread, rolls?

Clark: Did you hear what I'm saying...

Bartender: Yes, sir.

Session TIER3-8485

Clark: ...you need it...

Bartender: I'll have another roll right out for you.

Clark: ...get on the phone tomorrow with me and we'll, give me the names.

Edwards: I can tell them a host of anything.

Clark: (UI) you know.

UC Brian: If you want them to go around collect signatures, they can go around.

Clark: I want, I want them collecting signatures 'cause there (UI).

Edwards: (UI, OV)

Clark: Right, right, exactly. And occasionally they walk up to somebody that's working on the other side, you can come and work for us for \$26 an hour.

Edwards: Yes.

Clark: This is a great job for you.

Bartender: You're welcome, sir.

Clark: See, what I'm saying?

Edwards: Mm-hmm.

Clark: That's all I need them to do.

UC Brian: If you ask me (UI).

Bartender: (IA) plug this (IA) for you? You can plug it right behind these chairs (UI).

Clark: You hear what I'm saying to you? Is that I need them to be able to get paid, go collect signatures, and they come across people that are collecting signatures for the other side they say--

Edwards: Is there, is there a newspaper articles on the (UI)?

Clark: There is going to be now.

Edwards: Where can they get them?

Clark: (UI) They're already tweeting about it, they're already, it's already out there.

Session TIER3-8485

Edwards: In the Dispatch?

Clark: Oh yeah everywhere. Cleveland Plain Dealer (IA) we will pay--

Householder: You know, I don't think we ever had, I don't think we have to disclose.

Bartender: Just like (UI).

Clark: We're not going to, yes.

Householder: Period. I don't think we even need a disclaimer, there's no campaign going on.

Clark: I know.

Gray: (OV) Can I have another piece of bread? Can I have another piece of bread, please?

Householder: (OV) We're not trying to affect an election.

Bartender: Yes, sir, I'll have some out for you in about five minutes.

Householder: We're just saying don't sign the damn thing.

Clark: That's a constitutional right to sign a petition to say the General Assembly should. It's, it's not a campaign, it's none of your fucking business. You try to say that to Carlo and Curt is like, you know, see if they, they want to have the sex, but they want to be able to tell people they wouldn't fuck us. I tell you now, the, the problem is when you go to (UI), when you're living in his world, it's, it's really not a nice place to be. I mean, you know, your world.

Householder: Well I enjoy my world.

Clark: I know but, but, (Laughter) when you work for him, you work. You do what you're supposed to do and don't fucking whine about it. Just don't fucking whine about it.

Householder: Unless you're (UI).

Clark: When you fuck up, when you fuck up...

Householder: (IA) gets away with shit.

Clark: ...when, when you fuck up, admit it. Don't fuck up.

Householder: (UI, OV)

Clark: He hates hearing from people going, an excuse.

UC Vinny: (Laughter)

Session TIER3-8485

Clark: The one thing Householder doesn't like hearing is a fucking excuse.

UC Brian: That sounds like the conversation we had out there.

Edwards: Agreed. Just to change.

Clark: Just say, I fucked up.

UC Vinny: I know somebody like that. (Laughter)

Clark: Like I said something to him three weeks ago, I, I admitted to him, I could hear his voice going, kill me. Zeiger, Zeiger.

Householder: Oh yeah.

Clark: Well he wanted to kill me...

Householder: Stupid fucking move.

Clark: ...oh, he wanted to kill me. My phone was melting in my hand. So what do you think I did? Larry, I fucked up.

Gray: I've still never heard you scream at someone like you did at Rex that one day. It was in the primary when we were having our little rough spot but (UI) and you called up Rex and he said, how much money is it going to cost me to win my election? And Rex said, well it depends, how much money do you have in your account?

Householder: (Laughter)

Gray: And after about the fifth time of him saying, what do you have in your account? You broke down and just, I will raise whatever fucking money it costs.

Clark: The one thing I've learned in all this...

Gray: You leech, I have (UI).

Clark: ...the one thing I've learned in all this (IA)...

Householder: Like having a mosquito attached to your left nut.

(Laughter)

Clark: ...there's the best thing, the best thing that Jeff said to me a couple weeks ago. One thing I've learned from you, 'cause I was, I was penny pinching on this issue a couple of weeks ago. He goes you know don't, don't. Speaker will raise whatever money we need. It doesn't really matter, he'll do it. He's already had the conversation.

(UI)

Session TIER3-8485

Clark: There was--

Gray: The problem with Rex is.

Clark: You know, you know what's important about, about when you live in a world, when you live in a world of all of us with pretty big egos, pretty big, some of us are really old, who are getting older, some of you are really young.

UC Brian: Who are you talking about?

Edwards: You didn't look at me when you said that. You looked at Brain when you said that.

(Laughter)

Clark: I know you're a little bit in between. (UI)

UC Vinny: (Laughter)

Clark: The most important thing in life is to, when you guys, when you have a campaign, everybody gets in the room and they bitch and they make the presentation and you have these discussions. And when you leave that room, you do your job and nobody says I told you so. Okay, but what's also expected is that you guys your age is that you have this thing of reckless abandonment and that he did, he learned in football and he learned in sports is that you sacrifice your body for the purpose of the team. As we all get older...

UC Vinny: Leave it on the field.

Clark: ...as we all get older, people get...

Householder: Arthritis.

Clark: ...laid.

(Laughter)

UC Vinny: Leave it on the field.

Clark: And they have the pain and so they right where, where.

UC Brian: Excuse me, excuse me.

(UI)

UC Brian: Two for two. I am starting to keep score.

(Laughter)

Session TIER3-8485

Clark: What really becomes important is that as you're going through this is that, 'cause a lot of us have gotten haven't, haven't been used to working for somebody who is way up here and, and, uh, demands. His demands, his expectations are twenty-four hours a day, seven days a week period, period, uh, with no exception. Whether it's by texting, by phone, you all learn that. It's the guys that want to be, Rex came from somewhere, Neil Clark came from somewhere, uh, Jeff came from somewhere, uh, Curt Steiner came from somewhere, all these guys who are accounted came from somewhere that sat next to a kid who gave them the opportunity to produce. And all that's expected, when you come up the food chain, is to produce. And as you're leaving the food chain, you're still a producer and there can be no excuses. Because in the end nobody wants to, thinking about Ryan Smith, Ryan Smith's gone.

Edwards: (OV) That's, that's President Smith to you.

(Laughter)

Householder: Not yet, not yet. He hasn't taken the damn job yet.

Clark: He hasn't taken it yet?

Householder: Shit, I don't (UI).

Clark: (OV) He's still negotiating?

Edwards: He's negotiating a package. He's trying to negotiate his pay.

Householder: (UI) I'm about ready to take it away.

(Laughter) (UI)

Clark: (UI) Oh my God, (IA) what a fucking dick.

Householder: It's over, pull the plug.

Gray: You ought to just, uh--

Householder: Look he's going to finish out his career in the House.

Clark: If I were, if I were your age, I'd be doing the exact same game you're doing. I would work twenty-four hours a day, seven days a week. I would do whatever's necessary, I might come up with the best creative ways to be a winner.

Gray: Alright.

Clark: And but also make sure that when you're, when it's time to criticize, you make sure you have all the room you need to make sure you fight with them and say you know it's like I said to Curt the other day. When I'm on the phone with Curt, I go, Curt, this not, is this spot not correct? Yes. Is, am, am I doing something wrong here? And he goes well my, my,

Session TIER3-8485

my, my friends really don't like it. I'm going, cunt. I said, I know Curt this is what (UI).

Householder: You're not in the business (UI).

(Laughter)

Clark: (UI) When you're supposed to be doing this shit. And he said bitching and moaning about, but yet when he worked for Tom VanMeter, he would have fucking sliced your balls off. You know filleted them and fed them to you.

Edwards: So it's just 'cause he's getting older.

Clark: Because he wants the security of making sure you always have money coming in. And that's not how you survive.

Edwards: You don't play it safe, you keep doing and you keep doing what...

Clark: (OV) It's, it's Jane Cochran (PH).

Edwards: ...got you there.

Clark: Name the people. And, and so here's Carlo. Carlo and Curt are talking to each other every day and their playing with each other's butts.

Edwards: Carlo?

Clark: Carlo LoParo.

Edwards: (UI)

Householder: (OV) Carlo caught the fever.

Clark: (UI)

Householder: (OV) He caught the fever.

Clark: He caught the fever, right. And so now it's all of a sudden touchy-feely shit. I was on the phone with him outside and he goes well he, he, I already told the press. And I said, I told you not to talk to the press. Why they don't and he says, he said something wasn't true and he goes well you didn't share it with me and I said there was a reason I didn't share it with you. You couldn't have knowledge about this. 'Cause he wanted to bring Curt on the phone. I said Curt can't be on the phone. He's don't, don't put him on the phone. And it's like, it's going over their heads going. No compete clauses, contracts all this other kind of shit. You can't, Curt can't be on the phone. And Carlo called, I need his counsel and I go (IA).

Householder: (UI)

Session TIER3-8485

Edwards: I can tell.

Clark: Get some balls.

Householder: He used to be a miserable son of a bitch.

Edwards: He's finally having fun.

Householder: That's why I brought him back.

UC Vinny: (Laughter)

Edwards: Glad you brought him back?

(Laughter) (UI)

Clark: Oh yeah, oh yeah.

Householder: (UI)

Clark: (OV) I tell him every day.

Householder: (UI)

Clark: I tell him every day, thank you, thank you for letting me be involved. I told him a few months ago, I said, you know, I'm just so happy that you apologized. But I don't understand is the softness of the, uh, the gray hairs are so soft. They're so used to taking care of the Randy Ludlows and all these other guys who are just the, the printed media is going away, it doesn't count today. They said social (UI)...

Edwards: (OV) It means so little.

Clark: ...it means so little. You want to play up to these motherfuckers? They're worthless.

Householder: They're on their last breath.

Clark: Right and you want to, and you want to.

Edwards: He was talking about you, you got some gray hairs, gray hairs.

Householder: Oh, I love them, I guarantee you.

Clark: (UI) is too soggy.

Householder: Grab an ankle out of the grave, buddy.

Clark: (UI) Look, this direct mail piece I wanted to do. It was so fucking cold blooded.

Session TIER3-8485

(Laughter)

Clark: He's laughing.

Gray: (UI) It was so fucked up.

(Laughter)

Clark: Jeff designed it. It was so cold blooded. Jeff designed it.

Gray: Didn't Carlo say he would quit if you ran it?

Clark: Oh yeah, oh yeah, he was going to quit over it.

(UI)

Householder: I didn't think it was bad.

(Laughter)

Householder: I didn't.

Edwards: It's like the movie, just like the online ad of the guy running down in Texas.

Householder: (OV) Isn't that what I said? Isn't that what I said?

Edwards: It's like that movie, The Campaign (UI).

Householder: (UI)

UC Vinny: I like that.

Clark: Same thing for the direct mail piece.

UC Vinny: I like it.

Clark: So, so Carlo, Carlo, Carlo, Carlo.

Edwards: (UI, OV)

Clark: I think I do (UI) so Carlo, so Carlo calls.

Unknown: I've seen your guy's picture.

Clark: (OV) Pictures, pictures...

Edwards: (OV, UI) could it be uh, Siderewicz?

Session TIER3-8485

Gray: Not Siderewicz, Shane (PH).

Householder: The head honcho out there.

Gray: Oh?

Edwards: Siderewicz?

Gray: (OV) This is the, the guy.

Householder: No.

Clark: Of the hundred and fifty.

Gray: (OV) Vistra, isn't it? Vistra.

Householder: The guy from Texas.

Clark: Of the hundred fifty people that they had hired, I figured from the Form Fifteen. Fifteen of them have criminal arrests. They are defined by law as criminals. They are, you know the, the, the charges that were brought against them are robbery, um, uh, domestic abuse.

Edwards: Of the how many?

Clark: Hundred and fifty people.

Edwards: They have fifteen?

Clark: Fifteen people that--

Edwards: How do you know, how'd you get this information?

Householder: Well because they have to sign up, um.

Edwards: Oh, they do?

Clark: (UI, OV) Because I'm spending.

Householder: And when they sign up, run a criminal background check.

Clark: We run a background check. Today, we have a guy that has a warrant out for his arrest.

Gray: And he's at your door.

Clark: And he's at your door. So Jeff drafts this...

Householder: (UI, OV)

Session TIER3-8485

Clark: ...Jeff, Jeff of course designs a piece going, they're coming to your house, criminals (UI).

(Laughter)

UC Vinny: Ding dong.

Clark: Don't answer the door.

Edwards: They will fucking kill you, don't (UI).

Clark: Don't. Decline to sign. Don't answer the door. Okay.

UC Vinny: (OV) That's cute.

Clark: So then I try to explain to Curt and, and, uh, uh, Carlo last week. They said, what are you guys doing? I said we're, we're going to do a piece. What is it?

(Laughter)

Clark: It's really rough. How many?

Householder: How many was it?

Clark: ...how many, how many households? How many households?

Householder: (OV) I, I don't understand.

Clark: Four point nine million. Million, four point nine and, and Carlo goes...

Householder: It wasn't that tough.

Clark: ...what is it, what is it say. And I said, we just informed them that the people that are working for them are criminals. Coming to your house. Don't answer the door. Carlo goes--

Householder: With mugshots.

(Laughter)

Clark: Oh yeah, with mugshots. (UI)

Householder: (UI) a little bit. We couldn't find that many white mugshots.

Clark: There's, there's one white woman, one Hispanic, two Blacks. Okay that's--

Edwards: Should have had Chinese in there.

Householder: (UI)

Session TIER3-8485

Clark: He, he says to me, he goes, uh, which was kind of funny he goes, uh, he goes, uh, we can't, um, I can't, I can't, I could, Neil I've supported everything you guys want to do, and I, I, I can't put my name on this and I said, uh...

Householder: I didn't ask you to.

Clark: ...I said, uh, you saying that you don't want to do this piece? He goes I, and Curt starts talking. I have to get off the phone guys 'cause now I have to go tell the boss that you, that you don't want to do it. That's, I got to go tell the boss you don't want to do it. So I get on the phone, we have a conference call, we look at it. Jesus Christ. So we go back today with a softer piece and Carlo approves the softer piece. So Jeff calls me and I said, good, can you take me to the bathroom and hold my dick too. Jeff, wittier than shit, goes, I don't think he'll approve of that. (Laughter) So.

Householder: You, you can't let your spokesperson dictate--

Clark: I, this is it. This is, when I was outside with them...

Householder: (OV) Can't do it. Can't do it.

Clark: ...outside with them right now, he's going you guys can't do this to me man, and I go here, here, here.

Householder: (OV) Trump wouldn't allow that, you can't do that.

Clark: I told you why I made the (UI).

Householder: Unless you want to squat to piss the rest of your life.

(Unknown): Correct.

Edwards: That's right.

Clark: I said, I said if you don't listen to me, if you don't listen to the words I'm saying to you right now. 'Cause he wanted to get Curt on the phone. I said, Curt can't get on the phone. Can't. Why not? I said think about what I'm saying to you. Curt can't get on the phone. Jeff can't be on the phone. I can be on the phone because I don't work for Generation Now. Can't be on the phone. Still doesn't get it and I go, here they're never getting on the phone and I made this decision and you need to tell the press. And he goes, well, I already called the press. And I said, did I not I text you an hour ago not to talk to the press until you talk to me? He said, well how, well how do I retract what I'm doing with the press. And I'm going goddamn it you fucking pussy, you fucking Sicilian pussy and there's no Sicilians that are pussies except him. A true pussy.

Edwards: Uh, Carlo?

Clark: Yeah.

Session TIER3-8485

Edwards: He's Sicilian?

Householder: He used to work for Blackwell.

Clark: Yeah.

Edwards: Oh.

Clark: Geeze and Blackwell would've fucking skinned your face off.

Householder: He was the one that Curt went to and convinced him to attack me.

Edwards: Hmm. Curt?

Householder: Curt Steiner, he used him to attack me.

Edwards: Well, times have changed. But now he's being soft.

Clark: He's, he's, he's just too (UI).

Householder: (OV) Somebody wrote a check.

Edwards: We're talking about Joe Pesci a little bit ago and all the characters he plays.

Clark: What I'm surprised at, what I'm surprised at, and for both of them is that, okay, so even, so what they expect here is that they both either expect that Jon Husted is going to be the Governor?

Edwards: So they are worried about pissing him off?

(UI)

Householder: It's not going to piss him off, because what the hell does he care? He wants HB6 to pass.

Edwards: Yeah, but he's worried about, I don't think he likes anything that you're for. I don't think he, I think Jon Husted is so (UI, OV).

Clark: (OV) My point to you, my point to you and I, those guys, yeah they don't want to tarnish their names 'cause that, they will never have...

Edwards: (OV) An opportunity to work for him.

Clark: ...less, less, less ability, right, to meet with the press to get the message across for him. I think it's pretty simple, I think, here unless you, unless something else has happened in the last few days, it's pretty clear Mike DeWine has checked out.

Edwards: I'd say Husted's running the show.

Session TIER3-8485

Householder: He's been Governor a hundred eighty days and checked out?

Edwards: He's been checked out.

Householder: (OV) How's he been checked out?

Clark: (UI, OV)

Edwards: He's been checked out. Well, you saw in the budget where how many times he flip-flopped, it's because Husted (UI).

Clark: Let's see what, let's see what, let's see what happens in the capital bill. I bet you they'll be too expensive. It will be bigger than what they thought it would be. And who negotiates it. Every time McCarthy's in a room (UI).

Householder: Oh no, I don't--

Clark: I don't want to fucking hear it.

UC Vinny: (OV) Thank you very much, (UI) unbelievable.

Edwards: I've got Dan McCarthy blocked. He can't text my phone.

UC Vinny: (OV) Potatoes are unbelievable.

Bartender: The chef's mother's potato gratin recipe.

UC Vinny: Tell him thank you to his mother.

Bartender: I will.

Clark: I'm not here to tell you what to do. I don't, I don't like him. I never liked Mike Dawson. I never liked (UI). Curt and I used to be best friends. Thirty, forty years ago.

**1:59:56 [End of transcript]**

**2:16:52 [Start of transcript]**

Clark: But that's why I took the position when Jeff did that direct mail piece. When he take that direct mail piece that I (UI) nobody actually for the people that are going to, might see it. People in the rural areas are going to love it, people in the suburban counties are going to tolerate it, people in the urban areas are going to hate it. So it's--

Edwards: Have you heard of the other side sending any signature people out (UI)?

Householder: All their money is got to be...

Cark: (UI, OV) It's, it's, they're.

Session TIER3-8485

Householder: (OV) ...well they got to get in Canton.

Edwards: They got to get to forty-four counties, right?

Clark: They got to get forty, they have, they do, they have been working some of the minor counties, um--

Edwards: They're not down my way.

Clark: They're not, they're a lot in Toledo, Wood County area. Toledo, Wood County area.

Edwards: See, I thought they did Athens.

Clark: We did, we did, uh...

Edwards: Which side of Athens?

Clark: ...every day, every day we sent out a crew of two hundred and thirty-five people and we survey about two thousand six hundred sites. Every library, this that and the other. And we'd stay there to see if they have people there or they don't. So then we do a report everyday estimating how many signatures they've done, this that and the other. And--

Edwards: How many counties have you guys spotted them in?

Householder: Not very many.

Clark: Mm-hmm. I think we, the daily reports...

Householder: Franklin.

Clark: ...the daily reports, the daily reports would lead you to believe the most we can count on a given day, fifteen crews, fifteen crews. Now what I'm about, they have a hundred and fifty people out every day. And no, they have a hundred and fifty people signed up on Form Fifteens that say they want to collect, but that was from day one. Most of the people that went out for two days already quit. So that hundred and fifty is probably a hundred and twenty. Forty of those people are supervisors, so then when you start doing eighty people left, how many signatures do you think you can collect in an hour? How many can you collect in a shift? They were working in the first few weeks ten-hour shifts. Most people just work you six. So in all the math that was done, they weren't, they weren't getting where they were, so we kept saying it wasn't right. That, until last week they started advertising they needed more people. And they went to some of our subs, they couldn't get any of the A class subs, so then they picked up the B class subs, and we started hiring the B class subs and, um. The thing that's (UI) in the equation is that after the 21<sup>st</sup> they get, after they get counted, like will take about seven to ten days, they get another ten-day cure period.

Edwards: Which makes no sense. You were telling me that the other day. I don't, I don't get that.

Session TIER3-8485

Clark: It's, it's, it's in the Constitution.

Bartender: (UI) sir.

UC Vinny: Thank you.

(IA, OV)

Clark: So they get a ten-day cure period. From the ten-day cure period, if they keep these people on payroll that they're building up to now, they'll get their signatures. So we have to go out on the corners and buy out their people every day. And I started doing that today, and everybody's having a fucking shit fit. Oh, it's a phony petition, it's this that and the other.

Edwards: So your spotters are out in the field? Two hundred and some spotters?

Clark: Two thirty-five.

Edwards: They're going up to these people and approaching them?

Clark: No, they can't. They have a conflict. They can't, they can't do it. 'Cause of uh, uh--

Edwards: So they call and tell you these people are here, you send other people down to try and buy them out or how does it work?

Clark: Okay. Okay. Okay.

Edwards: (Laughter) Okay.

Clark: No okay, no, oh, okay.

Edwards: Uh-huh.

Clark: Correct. Okay, they're not on that. They're, so they go out and they go do it and say here we're circulating this petition 'cause we're going to introduce a bill that to, to go say you can't have foreign ownership. We're going to go do that now and we need you to support that. So it's got nothing to do with this thing. The press is already bitching about it. But if we don't, if we knock off twenty-five names, we knock off twenty-five people collecting signatures, it virtually wipes them out in the next twenty days. 'Cause as they're adding, if I can knock off twenty-five a week, it, it ends the whole fucking thing. Ends it. That's how hard it, so in addition to the TV, the direct mail, and everything else. The hardest part is the, uh, the--

Householder: It is so important. It is so important that they're not successful. Because when the legislature votes on something, it needs to stay law.

Edwards: Yeah, well, and it's beginning of your Speakership. It sets a bad precedent for the next six years and stuff. We need to make them realize you can't be fucked with.

Session TIER3-8485

Householder: That's it.

Clark: That's why you introduce bills. You introduce a bill and you make everybody-- My theory is that you introduce a bill, it'll bring them to their knees and they'll all understand that it's (UI). 'Cause I want to come in and say how can we, how can we end this?

Edwards: He doesn't just want to wait two thousand years to start fucking with his enemies. He wants to do it right away.

(Laughter)

Clark: No, I, I trust me I, I want I, I actually would like to do this sooner than later 'cause I, I think what it sends the message to everybody else is that whether it's an issue or the members, you attack the caucus, you attack a member, we're going to fucking rip your dick off. And that's why it's so important when, I mean virtually everything I've done in the last month has been just this.

Edwards: Has it?

Clark: So.

Edwards: It's very important for the future, for the next five and a half years.

Gray: (IA) just like we did last time, it sends the message where is it coming from, and why are we doing it.

Edwards: How would the, how, how would the Dems fight that bill?

Gray: I think Casey Weinstein (UI).

Edwards: Foreign ownership?

Clark: They wouldn't fight it.

Edwards: I don't know how they would even fight that.

Clark: David would prefer that we are all a lot dumber than what he thinks we are. He actually thinks that we're, that we, that he is such a good bullshitter that we actually look at him as a friend.

Householder: I let him hold the Bible. So I could keep a fucking eye on him.

Clark: Right. That's what (UI).

Edwards: He doesn't realize (UI).

Clark: (UI, OV) But that's what he, that's what he thinks, that's what he thinks. He thinks that

Session TIER3-8485

we're just too fucking stupid. Um, he's doing what, what he has to do for his law firm and his own reputation. He doesn't give a fuck about the issue. He cares about, whatever, poor David. He's, he's posting. He, he did an Op Ed piece in the Dispatch about this. I mean, I mean really, get over it. David wants to do what? Promote the firm, promote the issues that he wants to do. He doesn't want to be-- Remember he used to be party chairman. How good, how, how good of a job he's doing that. These, these are not your friends. These are all your enemies and what you want to do with your enemies and where you want to place your enemies. My job is to do nothing but make sure that when we have the opportunity we beat them, and we beat them soundly. Catch them in a public area, hey, love you, you're really nice, and then in a private environment, we kill them.

Householder: Just like Luca Brasi. (Laughter)

Clark: That's it, you know? Just, I don't need this shit. You go.

Edwards: (UI, OV) we were talking about Italian Joe Pesci earlier. I got a scene in my mind of (IA).

Householder: (UI)

Edwards: The, the casino, the casino movie where he meets a banker and he says, what you don't understand about me is, you know I'm, I'm dumb, I'm stupid. I will hit, I will beat your head over a baseball bat by the time I'm serving ten, get out of jail. I'll come back and hit your head again with a baseball bat. I'm dumber than shit. I will beat the fuck out of you.

UC Brian: Is this going to be your last gig?

Householder: I don't know.

Edwards: You what?

(UI, OV)

Householder: Depends on how I feel. Whenever I get tired or I get pissed off, I'll just go home.

Edwards: (OV) What the hell is this coach's name?

Clark: You're not going, he's not fucking going home. He's not going.

UC Vinny: (Laughter)

Clark: Don't listen to him. He's not going, he already has a number of businesses. Jesus Christ, you'd think those t-shirts just came from...

(UI)

Session TIER3-8485

Edwards: Yeah.

Clark: ...Goodwill?

Gray: No, they got your name, what's his name, on them.

UC Vinny: (Laughter)

Edwards: Samuel Stoops.

Clark: He's not going home. He's going to keep running until--

Householder: They throw my ass out.

Clark: Right.

UC Brian: Think so?

Clark: He's not, he's--

Householder: They haven't thrown my ass out yet. (OV) They've tried. (Laughter)

Clark: (OV) They're not, we're not, we're not letting, we're not letting him go anywhere.

Householder: (Laughter)

Clark: There ain't no fucking way.

Edwards: How many years you think?

Clark: Well...

Edwards: Fifteen, sixteen?

Clark: ...we've got to make sure, we've got to make sure we change the law. Then we got to get your ass over in the Senate so--

Edwards: So how do you change the law?

Clark: You pass an amendment. Do a joint resolution, put it on the ballot, and we'll get it passed after we take care of--

Edwards: But when's the right time to do that?

Clark: Soon.

*(At 3:05:45, UC Brian and Householder enter a separate conversation, it is separately transcribed based*

Session TIER3-8485

*upon audio from the recording device of UC Brian.)*

Clark: We just want four more years. Twelve. Twelve.

Edwards: You just change it from eight to twelve?

Clark: Yes. Right over there. (IA) Yeah, but you know, you want to have it like this.

Edwards: Not in this world. You get a paid (UI).

Clark: It's not about the pay, dickhead. Jesus Christ.

Edwards: Why in the hell do you not run for office then?

Clark: 'Cause I'm the son of a fucking convicted felon Mafia guy. (Laughter) I've been married three times. What are you, out of your mind?

Edwards: I'm trying to make my son the same.

Clark: (Laughter)

Gray: (UI, OV)

Clark: (UI, OV)

Gray: (UI, OV) my sword (UI).

Edwards: I want my son to be the next Neil Clark.

Clark: Because right. My son (Laughter) no, my father's, no, it's, it's--

Gray: I could see the attack ads.

Clark: The attack ads would be just (Laughter) just write themselves. Just, Jesus Christ. There was.

Gray: (UI)

Clark: Damn. Oh my God. You, autistic moron could write it.

Edwards: (UI) like you.

Clark: That's why, see that's why I, I, I from day one I took the role of being the backroom guy. I've never, ever wanted to run for office 'cause I knew the reality of my family's past. And it would never have made any sense so then I...

Edwards: (UI, OV) money (UI).

Session TIER3-8485

Clark: ...once I, once I joined. It's not about the money! There's three types of power: personality power, money power, position power. When you put all three together, you truly are a powerful person. People that are in a position of power don't mean dick. Personality powers, the guys, the guys, you've seen a lot of these, what I just said to you. Even less. And sometimes, in the best part of this life, you never have an opportunity to get all three working together.

UC Vinny: (Laughter)

Clark: Get a person that's working all three together, and you got (IA).

UC Vinny: You're just mad you're getting old.

Clark: And that's what I always wanted to be part of.

UC Vinny: (OV) You're just getting mad you're old.

Clark: That one guy who had it all, who used it all.

UC Vinny: (OV) That's right.

Edwards: Mm-hmm.

Clark: And when they do?

Edwards: You can't fuck with them.

Clark: Oh (UI). 'Cause it's, for those of us that are.

UC Vinny: (OV) I bet they were born in the nineties, right?

Clark: I'd rather be, I'd rather be a kingmaker.

UC Vinny: (OV) I guarantee they were born in the nineties, right?

Clark: And be next to a king and to give my personal opinion, knowing when they make a decision, you back off.

UC Vinny: Right.

Clark: That's good.

UC Vinny: Still dress it.

Clark: (UI) Look at the all the guys in this Congress or maybe the Governor (UI).

UC Vinny: That's right.

Session TIER3-8485

Clark: How many people knew I was in the room?

UC Vinny: That's right.

UC Brian: (UI)

Clark: So I'd rather be there.

**3:08:35 [End of transcript]**

**3:13:55 [Start of transcript]**

Clark: Okay, so what I'm going to have you do, is, um, I thought about it there. I think it's better for you to pick up the phone, call him on his cell phone. Say, I really liked meeting you, you know, tell me about this Generation Now. What's this, can I help you through Generation Now?

UC Brian: When do we do that?

Clark: Tomorrow. Next day.

UC Brian: You don't feel comfortable doing it now?

Clark: You never, you never ask for. Um, Jeff was supposed to come here from Generation Now.

UC Brian: He was supposed to be here?

Clark: Yeah, he was supposed. I told him to come out here. He, that's why I was outside before and I said, I invited you here 'cause I wanted you to, you know, give a check. You never give a politician, I mean, when you're talking about an issue, a check. Okay? You are supposed to do it before (UI). You see what I'm saying to you? In this world here, you don't give a check when you're talking about an issue here.

UC Brian: Okay.

Clark: Jeff was supposed to be here before we started and talk about Generation Now before we start. What I'm thinking is that you know, you can pick up the phone. Give you a call, give you a supplement, then you go, I really like meeting with you, what's, what's a, what's this shit you and Neil are working on? What's this stuff you're doing? He says, it's Generation Now. Can I be of help? That's all you have to say. If he says, no, you don't need to be of any help. But you know you where you stand.

UC Vinny: (OV) Whatever you say. Whatever you say, it's up to you.

Clark: It's, it's I--

UC Vinny: Whatever you say.

Session TIER3-8485

Clark: He stayed a lot longer than I thought.

UC Brian: Well, that's what I was confused about. Do you think he was waiting for us to say, what can we fucking do for you? But I didn't want to do that, 'cause I didn't know if it was--

Clark: (OV) No, you did, no you, here's what. I had to write it, I had to write a two paragraph thing anyway today before I got here.

UC Brian: To who?

Clark: To him.

UC Brian: About this?

Clark: Yeah, he knows what he's here for.

UC Brian: Okay, so do you think he was expecting a pay?

Clark: Well no, no, I never told him he was getting a check.

UC Vinny: Okay.

Clark: Oh no, no he would have killed me if I was. Oh no, no, no, no.

UC Vinny: (OV) Well the reason I asked you that is 'cause you told me to bring a fucking check.

Clark: I know, because I wanted you to meet with Jeff before you came into the dinner. And Jeff and I got tied up in something else and that's when I went outside and said, you know can you swing by? And he said I, I forgot all about it. So, there was no way in hell that we're going to give a check.

UC Vinny: Yeah, I wouldn't want to give a check to fucking Jeff.

Clark: No, you have to give a check. You can't give a check to the Speaker. The Speaker can ask you for money. But I, that's why I'm asking when I think about Vinny calling him and saying, hey do, you guys were talking about this FES issue and this stuff. Now, how can I be of help?

UC Brian: That's fine.

Clark: He'll say, yeah, talk to Neil about writing a check or something like that. And if he says that...

UC Brian: Yeah.

Clark: ...then we do. If he says no, then we know that, uh, he's not, but you heard what, you heard what Jay said in the end. And see, Jay was the guy that I offered to you that would go on the boat in lieu of the Speaker.

Session TIER3-8485

UC Brian: Right.

Clark: That's his, that's his number one guy. Jeff is his campaign guy, he's his number one political guy. And what was it he said in the end?

UC Vinny: That's the guy on the right?

Clark: Yeah, that's the guy that said, and what did he say? The Speaker's for the lottery and the Speaker went and said, I'm for the lottery.

UC Vinny: Yeah.

Clark: It's what the Speaker had to do.

UC Vinny: Hmm.

UC Brian: Alright, so you give him the cellphone tomorrow?

Clark: Look, I'll give it to you, you give it to him, and then--

UC Vinny: I think you should call him.

Clark: That's good, you can call too.

UC Vinny: (OV) 'Cause you speak his language.

Clark: 'Cause, yeah, he can say, you know we were laughing after, we had a great dinner, thank you very much for spending your time. Um, Neil talked about, I heard you and Neil going back and forth on this issue. I'm not sure what this issue is, but Neil's talked about it a lot. Can we be of help?

UC Brian: Okay.

Clark: You know, can you connect us with somebody that we can help. And then if Jeff calls, then we know that they're good.

UC Brian: Okay.

UC Vinny: 'Cause this would be huge. I mean, if we could get this done. I mean that hotel's...

UC Brian: Yeah.

UC Vinny: ...going to be a fucking cow.

UC Brian: Yeah.

UC Vinny: It's going to be a fucking cow.

Session TIER3-8485

Clark: Oh, it's going to get done here when the pres (PH), here is your only problem. There is only one fundamental problem so. Is that this, the Senate President is a cocksucker (UI).

**3:18:08 [End of transcript]**

**3:26:33 [Start of transcript]**

Clark: I'm his...

UC Brian: You think we're good?

Clark: ...I'm actually.

UC Vinny: We've got to talk about tomorrow.

Clark: (OV) I'm actually, I'm actually his--

UC Brian: Yeah.

Clark: Actually his--

UC Vinny: We just got to talk about tomorrow and how to do this correctly. So that we leave here, I leave here with a good feeling.

UC Brian: Well, you need to leave here--

UC Vinny: I want a good feeling.

UC Brian: Well.

UC Vinny: You know what I mean? I want to leave here with a good feeling.

UC Brian: (OV) Yeah, and I need to leave here with a script.

Clark: Before you make the call, you're going to call me and I'm, you're going to write it down.

UC Brian: (OV) I agree, I'm, I'm serious.

Clark: What you're going to say is, you're going to say, hey, it's Brian, we had dinner last night.

UC Vinny: It's Brian.

UC Brian: Let me ask you this...

UC Vinny: It's Brian.

UC Brian: ...are you going to tee some of this up? Like will he expect my call? And he's not going to

Session TIER3-8485

answer some random fucking 615 number.

Clark: I know but he'll, he'll listen to the voicemail. Shit, Neil and I were laughing, we were talking about it and we were laughing. But he's talking about this Generation Now and hey, is there anything I can do to help you with Generation Now? We want to help. What can we do?

UC Brian: And leave that on the voicemail?

Clark: No. Call me. I want to talk about Generation Now. I want to thank you about dinner last night. And then when he calls you, and he may not call you tomorrow but (UI).

UC Vinny: (OV) Well you talk to him in the morning? Don't you say that you told me you do.

Clark: 7:00, 7:30 every morning.

UC Vinny: Can you, can you tee that up for him in the morning?

Clark: Yeah, oh, absolutely.

UC Brian: That's what I meant.

UC Vinny: The area code.

Clark: So when he, when he, but he, as he gets through a day, he gets busy. So you can't ever, you don't discuss on the phone, um, a number. What you say is, we want to help. He'll say talk, that's great, talk to Jeff. Jeff Longstreth.

UC Vinny: Okay.

Clark: Then Jeff Longstreth will, will call. I've already set it up with Jeff what I thought the number would be.

UC Brian: Okay.

Clark: But then, then--

UC Brian: So it's a fucking shell game, okay that's fine, I don't mind.

Clark: It's not a shell game, it's about, it's about protecting...

UC Vinny: How to do it right.

Clark: ...it's about protecting the people that are your bosses.

UC Brian: Okay.

UC Vinny: It's how to do it right.

Session TIER3-8485

Clark: If nobody ever gets, listen I was out on the phone out there about this guy, what I was trying to explain is when I was talking in those codes about, I told people this and I told people that...

UC Brian: Yeah.

Clark: ...and I said you can't be on the phone with ten others. These are actual people who can't be on the phone because it would be a conspiracy. (Laughter)

UC Brian: Right, yeah I did hear you say this.

Clark: (OV) And I was telling these guys. We discussed this three weeks ago and we said, as I'm going through this whole problem solving at some point you guys can't be on the phone, this, that, and the other. And what do you think they all do today when they panic?

UC Brian: (OV) Get on the fucking phone.

UC Vinny: (OV) They all get on the phone.

Clark: Oh, they want to get on the phone. I said, he can't get on the fucking phone. (UI)

UC Vinny: That's the younger generation.

Clark: He can't, he can't get on the motherfucking phone. And now they text.

UC Vinny: (OV) That's the younger generation.

Clark: Now they text, they're all proud that they're kicking the press' ass and they're going, oh look at what we did.

UC Vinny: Now does he know the number? This guy, does this guy know the number?

Clark: He doesn't know the number. Jeff knows the number. Okay.

UC Vinny: 'Cause we're ready to do that.

Clark: I know. And I told you I didn't want you to give any number until you felt a comfort.

UC Vinny: Right. That's why...

Clark: I told you that every time.

UC Vinny: ...that's why it's important.

Clark: And you keep, you keep testing me every time Vinny.

UC Vinny: No I'm not testing you, I'm just--

Session TIER3-8485

Clark: (UI, OV) I'm not one of your goddamn loyal--

UC Vinny: I'm not testing you, I'm trying to figure out where we are here.

Clark: I know where you can figure out where you are. He's testing me.

UC Brian: He's fucking with you.

Clark: I told you I didn't want to take your money until I knew they wanted to.

UC Brian: How long have you known Vinny?

Clark: Oh, twenty years. (Laughter)

UC Brian: Ten minutes, see I've known him for ten fucking years.

UC Vinny: Yeah. (Laughter)

Clark: (OV) I um, I.

UC Brian: He's fucking testing you.

Clark: Here, here I was with him in Nashville. I know exactly how he talks, walks, thinks.

UC Brian: You met him at, uh, Opening Day.

Clark: Opening Day for, for a bit.

UC Brian: Yeah.

Clark: And he confronted me, and he actually wanted to play with me.

UC Brian: He wanted to fight with you, but he set you straight on, on Rhode Island (UI).

UC Vinny: (Laughter)

UC Vinny: You're my guy, you're my kind of guy.

Clark: Follows me the first fucking day.

UC Brian: (OV) You are two are fucking two peas in a pod.

UC Vinny: I don't like a bullshitter.

Clark: Nah, I didn't bull, I haven't bullshitted you yet. When I, when, when you're bitching about--

UC Vinny: I don't like a bullshitter and I like you.

Session TIER3-8485

Clark: (UI) You know what's going to happen, it's not going to happen. I said, there are a lot of things that happened to him in the last two weeks and he calls me.

UC Brian: I didn't tell you about all that.

Clark: (IA, OV) any day.

UC Brian: You don't need to know about it. It was some personal stuff. It's irrelevant.

Clark: Son having a divorce, this, that, and the other (UI) attorney.

UC Vinny: You are?

Clark: No, no, but his son is.

UC Brian: (OV) No. I didn't want (UI).

UC Vinny: Oh this guy.

Clark: And so he, and so he, I picked his attorney went to all that bullshit. And he, he's busy on this HB6 thing. His staff calls me and says he doesn't do dinners. And I said, I'm only asking for one dinner in my life. I need it to be this dinner. There's, the client won't believe any excuse, so I said I need a dinner. And he did and he came in and he enjoyed himself. He had a nice meal. He ate his meal. He enjoyed everything he had, he drank, and he doesn't...

UC Vinny: (OV) The food was tremendous.

Clark: ...and he doesn't drink. He's not a drinker.

UC Brian: What?

UC Vinny: (OV) The food was tremendous.

UC Brian: Oh, he drank right here with me.

UC Vinny: The food was tremendous.

Clark: He's not a drinker.

UC Brian: He wanted me to sit up here with him.

Clark: He's not a drinker for him to even take a drink in my physical presence was a comfort level for you guys, 'cause he would never drink another, in front of other people. He does not drink in front of other people. So.

UC Brian: Good. Well, that's not a tribute to me and Vinny, it's a tribute to you.

Session TIER3-8485

UC Vinny: He trusts you.

Clark: He saw this, so he saw the environment and you saw what he, he liked this, he was sitting back there with his arm back there (UI).

UC Vinny: All by himself.

Clark: ...he can sit in the restaurant, put his arms back, and he's going you know...

UC Vinny: All by himself.

Clark: ...I can go have this place, I can bring my whole fucking caucus here and I can, and not have the press.

UC Vinny: Yeah, yeah.

Clark: So it's expensive but what it is, it's really private. But in a big town, you don't get this kind of shit.

UC Vinny: It's not expensive, this is what it is. This is what it is. That's why.

UC Brian: This is not expensive.

UC Vinny: No.

UC Brian: Compared to what, no this is perfect.

UC Vinny: No. If we go out, we go out in Manhattan.

Clark: Well, no that's yeah.

UC Vinny: You go out in Newport, you're fucking dumping it.

UC Brian: Oh.

UC Vinny: And you go to all these fucking choo-choos crawling all over you trying to go to the bathroom...

UC Brian: (OV) All the time.

UC Vinny: ...and over here you got to watch what you say, you fucking, you can't be free.

Clark: You got to sit in here and say whatever you want.

UC Vinny: Over here you can say whatever you want to say and whenever you want to say it, you know what I mean, and everybody's calm and relaxed and everything.

Session TIER3-8485

UC Brian: That's right.

UC Vinny: And what I like is that guy on the right knows what the fuck he's talking about.

UC Brian: He does.

Clark: Who Jay? If, if Jay if, if, if we don't get term limits, Jay will be the next Speaker.

UC Brian: Okay.

Clark: So.

UC Brian: He's young, he's young.

Clark: Yeah. Then he'll go to the Senate. I mean so...

UC Brian: Yeah.

Clark: ...he has a future, he has a serious future.

UC Vinny: What is he now?

Clark: House member and he's in leadership, number three in leadership.

UC Vinny: Oh, at that age?

Clark: Yes.

UC Vinny: Wow.

Clark: He's a Polish O.U. football player. He's, he's from Appalachia...

UC Brian: (OV) He's got a kid.

Clark: ...and his family owns a cable company and they're really wealthy.

UC Vinny: Oh, so he's got time.

Clark: He's got time.

UC Vinny: He got time.

Clark: He's got time, he's got talent, he's got the funding.

UC Vinny: Fazool.

Clark: He's got you know.

Session TIER3-8485

UC Vinny: Got the money.

Clark: Right, he doesn't need it, he doesn't. When we were talking about all this stuff, he goes, well there's no money in this. And I go, what did I say, three kinds of power: money power, personality power, position power. If you put them all together, you're really a powerful person.

UC Brian: Sure.

Clark: If you get those all at once, you can control anything you want in life.

UC Vinny: That's right.

Clark: Even Les Wexner did, never had all three working at the same time. Never had all three working at the same time.

UC Vinny: The Speaker seems to have a lot of it going on at the same time.

Clark: He doesn't have, what he doesn't have in the minds of others is, is he has position power, he has money power. Doesn't have personality power yet.

UC Vinny: Why?

Clark: He's, he's a hard ass.

UC Vinny: Seems like he's a good old boy though.

Clark: He is a hard ass. When we, when we serve him, he lives, he lives in a world like you do and you have this high expectation of people that serve you. We all serve him, we work, keep this in mind, how old am I?

UC Vinny: Sixty...

UC Brian: Two.

Clark: Six.

UC Vinny: ...five, I was.

Clark: Sixty-six.

UC Vinny: You must've had a birthday since I seen you last.

Clark: I work, I work seven days a week from seven a.m. 'til he goes to bed.

UC Vinny: Yeah.

Clark: Period, every fucking day.

Session TIER3-8485

UC Vinny: And he don't expect you to work any harder than he does.

Clark: See and what he expects is that.

UC Brian: Alright I'm going try Wellers.

*(UC Brian and Bartender have a conversation in the background that has not been transcribed.)*

Clark: If he's making, if he's making you money, if he's making you.

UC Vinny: You better fucking be there.

Clark: You better fucking be there. You better be paying attention. And why do you? You remember when the one person said. You picked up this conversation when I chastised the guy in a nice way about criticizing Rex. Remember he said, oh, you jumped on Rex's shit?

UC Vinny: Yeah.

Clark: Rex pisses me and Larry off. He was really mad at Rex, really mad. Rex is, Rex has made millions and millions of dollars. And I said, yeah 'cause all this shit and his creative skills have gotten really fucking weak, so the rest of us keep writing the spots and he keeps taking down his 15%. So you do like a \$2,000,000 buy, he's making a lot of money.

UC Vinny: Right.

Clark: Okay, the rest of us don't ask for that. I ask for access and the ability, 'cause I can have clients that can bring in, but he gets, he gets those kind of checks. You know, 15% of two million, that's a lot every week...

UC Vinny: (OV) Uh-huh. Mm-hmm.

Clark: ...for fifteen weeks. Think about that, that's a shitload...

UC Vinny: Wow.

Clark: ...of money. And so the Speaker gets pissed off at him...

UC Vinny: Wow.

Clark: ...'cause he won't take a risk, he's not doing shit, he goes all pussy. He rips the motherfucker's ass up.

UC Vinny: Yeah not this. He's not in the trenches with you.

Clark: And he's going, you know, fucking you know this, that, and the other. Rips his dick off. And so I go in and rehabilitate him, hey I'll be here for you. We've got to be on the phone with him every day, let's talk politics. Motherfucker has a stroke. Nobody in that, we've been

Session TIER3-8485

doing this issue, they don't know the media guy had a stroke.

UC Vinny: Holy fuck.

Clark: Didn't know, we're doing the media.

UC Vinny: Now how come you're not a media guy, wouldn't you make better as a media guy? You seem like you have that grasp for that.

Clark: I want to be a lobbyist and I wanted to be a lobbyist in Ohio. I wanted to raise my kids. So Newt Gingrich came to me years ago, came to my house with Bobby Ney. They sat in my house and they said, we would like you to be our media guy. And I said, I'm not leaving my house, not leaving Ohio. I got to be here. If I go do races in California, I'm going to be gone for five months, and I'm not leaving my kids.

UC Vinny: Yeah, yeah.

Clark: So I never did. I, so I did, I did media for people on the side, the opinions that I would give to Governors and other people, I never charged for it. And so when the Speaker, um, brought me in to take care of his shit, I became, when he's busy, I get complete say. When we're working on stuff, if he says I'm busy, everyone knows you know, Neil has the final say, not Jeff. Jeff is his implementer. When it comes to the opinion, Neil has, Neil has the Speaker's proxy. And I earned that proxy because I know how he thinks. I know what he wants. When that other kid was chastising Rex, you didn't see the Speaker, he'd just nod his head, this, that, and the other. He's uncomfortable with what was happening. He's sitting there a little pissed off about that. And what did I tell the guy? When you're in a room, you criticize people in the room.

UC Vinny: Yeah.

Clark: When you're outside the room, we all make the same decision.

UC Vinny: That's right, that's exactly right. And you know what these kids don't realize? They look at you and they think that that access comes for free. When you're next to the guy, there's nowhere harder. That guy gets burned bad.

Clark: Yeah, I know.

UC Vinny: That guy gets burned bad.

Clark: He, he, oh, trust me, trust me, Larry's--

UC Vinny: That fire burns hot.

Clark: If you make, you make, you make a motherfucking mistake, you make a mistake, you're out.

UC Vinny: Yeah.

Session TIER3-8485

Clark: Okay these, you make a mistake and you're stuck with it. What did I say about Machiavelli? You fuck up, you fuck up.

UC Vinny: You're no longer in the room with the boss.

Clark: And I don't care how many memos you write to the boss. You ain't writing anymore, 'cause you broke his fucking heart.

UC Vinny: Mm-hmm.

Clark: And when you break his fucking heart...

UC Vinny: Mm-hmm.

Clark: ...I don't care how many. And that's, and see that's why the book defends, he's a piece of shit.

UC Vinny: I think they don't know the story.

Clark: (Laughter) That's it.

UC Vinny: I think they're too young to know the story.

Clark: It's, that's what the story is. That is the absolute truth...

UC Vinny: They don't know the story.

Clark: ...of why, that he was banned. He's headshot.

UC Vinny: That's right.

Clark: And he came up with these, well shit, I can, I can write the next life and say, I wish I would have.

UC Vinny: (OV) That's right. I should have.

Clark: (Laughter) (UI)

UC Vinny: I could have, I would have.

Clark: I, you know, I would have done and put that into a book.

UC Vinny: (Laughter) You know what I could have been?

Clark: Yeah, do you know what I could have been?

UC Vinny: That's funny, that's funny.

Session TIER3-8485

Clark: So, that's what it is.

UC Vinny: That's funny.

Clark: And so we, every day of my life when I, when he and I talk, where every, every so often we have these moments and I'll say, I appreciate everything you've done for me. And he'll say, I appreciate everything you've done for me, without you, Neil, I wouldn't be here. I know, you know what? Speaker you, you actually brought me back because I was the enemy of--

UC Vinny: You guys were arch enemies, right?

Clark: Arch enemies.

UC Vinny: Arch enemies.

Clark: Arch enemies.

UC Vinny: I remember you telling me.

Clark: Arch enemies and I was arch enemy of John Kasich. I and, and I picked the, I went with him against the current Speaker. And the, the current Speaker went on TV and said the only reason I'm not going to be Speaker is because of Neil Clark.

UC Vinny: Wow.

Clark: It was on Channel 4 News.

UC Vinny: Wow.

Clark: Six o'clock in the evening...

UC Vinny: Wow.

Clark: ...that's what he said.

UC Vinny: Wow.

Clark: So what do you think I did to my business last year? How badly do you think he hurt my fucking business? And so when he came in...

UC Vinny: Wow.

Clark: ...you know I didn't push, I didn't, I didn't push, I did not push access, alright. I didn't say, oh, I'm really close to the Speaker.

UC Vinny: Mm-hmm.

Session TIER3-8485

Clark: I said to you guys, I'm working on campaigns and I'm close to him, and never tell other clients about (UI).

UC Brian: So do you go to work for these guys when elections times come? Back them, support them?

Householder: I run the races.

UC Brian: You run them for them, do you? On your own, or is that a part of your--?

Householder: We have a team. I put the team together. Run the races. Raise most of the money.

UC Brian: Yeah. And then that's up and comers?

Householder: Hmm?

UC Brian: They up and comers?

Householder: Yeah, yeah. And I recruit the shit out of them.

UC Brian: I was going to say, do you (UI)?

Householder: I, I recruit the hell out of them.

UC Brian: Do you?

Householder: Yeah. Most people, people they, when I was Speaker before. I was Speaker from '01 before we got term limits in Ohio. Term limits (UI) legislature. Uh, we've got right now, we've got, uh, two of my former recruits are statewide officials, Husted the Lt. Governor and Faber who's the, the Auditor of State. And, uh, they quit recruiting when I left.

UC Brian: Okay.

Householder: It takes too much time. It's picking the winners and losers. And that's, you know, most politicians.

UC Brian: Right.

Householder: Some pick winners and losers.

UC Brian: Right.

Householder: Um, so things got pretty shitty around here. We had some real fucking assholes and some bums...

UC Brian: Really?

Householder: ...in the legislature. So I came back...

TIER3-8486

UC Brian: Okay.

Householder: ...and recruited again.

UC Brian: Started over.

Householder: And (UI) Speaker and recruited a bunch of good guys.

UC Brian: Yeah.

Householder: And here we are.

UC Brian: Young guys.

Householder: Mm-hmm. And I got another round coming up here soon, another, another round of good recruits coming in.

UC Brian: Younger than these guys?

Householder: Yeah.

UC Brian: Really? Damn. Can you get much younger than that?

Householder: Uh--

UC Brian: I think we must be just getting old. (Laughter)

Householder: Twenty-six, twenty-seven, twenty-eight.

UC Brian: God, that's young, man.

Householder: It is young.

UC Vinny: You're just mad you're getting old.

UC Brian: I, I am having a hard time with that. (UI) I'm having a hard time with it.

Householder: I could be their dads.

UC Brian: Oh yeah, sure you could. And you probably are, in a sense, if you think about it. (UI) Probably.

UC Vinny: (IA) were born in the nineties, right? I guarantee they were born in the nineties, right?

Householder: Oh yeah. Oh yeah.

UC Brian: Nineties, shit.

TIER3-8486

UC Vinny: Right.

UC Brian: I still feel like I'm living in the nineties.

UC Vinny: Still dress it too.

UC Brian: I know, I know. I got these nice glasses though. I have to have them. I can't see without them.

Session 4988

**0:00:00**

UC Brian: Hey, what are you doing?

Clark: Okay, so, um, well you said for me to call you. The, I talked to the Speaker this morning. You know he, he did have a good time at dinner. He actually told staff when he went in, the Chief of Staff called me and said, hey, he had a great dinner last night. So even though it doesn't seem like we got a lot accomplished when talking about our issue, he did (IA) a very good time. Alright?

UC Brian: Yeah, that's fine. Like I said, you know Vinny was how he is with you last night, 'cause that's how he is.

Clark: Yeah, yeah.

UC Brian: With me, and he pretty much threw a fucking fit. 'Cause he's like, why the fuck did I come in, like what was my point in doing this? And so, he said, you know, had it not been for you, me, he goes I'd have walked out of that fucking dinner. 'Cause he, 'cause he, you told me to bring the check. He, I told Vinny all that, so all that was kind of teed up and he was kind of outraged.

Clark: Uh-huh.

UC Brian: So what's your take on that? What's your thoughts?

Clark: On, on which part? On the--? (OV)

UC Brian: On the, well I mean, like, 'cause I'd, I'd made it (IA) was I supposed to be coming with a check, what's he supposed to have.

Clark: (UI) We and, the, the, the check wasn't really, the, the, the check was supposed to be the important part of it, but it wasn't the reason for the meeting.

UC Brian: Correct.

Clark: He, the Speaker knows you want to give. He and I talked about this morning.

UC Brian: Okay.

Clark: He told me, you know, I don't know if I want them to give to Generation Now because we're going to be doing, (IA) um, we're going to be doing another ballot issue that deals with, um, term limits, that the Speaker wants. And so he said, I'd rather have, because he's going to have AFL-CIO do that one...

UC Brian: (UI)

Clark: ...well all the labor guys are going to be in that one.

Session 4988

UC Brian: Yeah.

Clark: So, he's thinking about, you know, holding on that, but it was, it's my personal choice. So he said, talk to Jeff, and see what you want to do, and you can have the check either go into that or do it for, do it for, um, our, our term limits ballot issue. Okay?

UC Brian: To the (c)4, does that matter?

Clark: Does it what? They're both (c)4s.

UC Brian: Okay, so. (OV)

Clark: You know 'cause I said, I said to him, look they, they want to give corporate dollars. 'Cause when I talked to him this morning he goes, they could give us some money for campaigns. And I said, oh, they would prefer to do the corporate dollars. Okay?

UC Brian: (OV, UI)

Clark: They're, they're, and, and so he was fine, you know. So he knows it's all coming, um, and he's very appreciative of it, but you know, I don't, I think that there was, um, yeah I think, I think (IA).

UC Brian: You think it went smoothly? I don't know that it did...

Clark: Oh it went really.

UC Brian: ...but you telling me it went well makes me feel better.

Clark: (UI) I don't, um, yeah, I mean, um, actually this morning, um, when I got a call from the chief of staff, is that I'm going in with him on Friday to start to draft a bill that will meet the compromise that, that we all--

UC Brian: That we all talked about last night.

Clark: Yeah, yeah we...

UC Brian: (OV, UI)

Clark: ...everything's in motion so I mean I'm, I'm surprised Vinny wants to act that way, that's too bad. I mean, um, the Speaker never spends that much time with people. Never.

UC Brian: Good, good.

Clark: Alright. (UI)

UC Brian: (OV, UI)

Clark: He doesn't. He does, he doesn't. Everybody was shocked that he was there for four hours.

Session 4988

UC Brian: Yeah, and he drank.

Clark: And he drank. So I'm just, you know, nuts, but I thought it went quite well.

UC Brian: No, there's no (UI) there.

Clark: (OV) And, and he, and he, and he brought it up...

UC Brian: (OV, UI)

Clark: ...and he brought it up this morning, that you know, I hope they had a good time, like you know, you know, let's-- And then I get a call, you know, from the Chief of Staff saying, you know we are working on a compromise, so I mean...

UC Brian: (OV, UI)

Clark: ...I didn't have to do shit.

UC Brian: Good. (OV, UI)

Clark: Yeah. And you guys are bitching that you didn't even think it went well.

UC Brian: Well, now, hold on a minute. We're not bitching, just be clear though. We're not bitching. I'm just bringing it up to you because that's how it went last night and that was our perception. Having not known what you just said to me...

Clark: Yeah.

UC Brian: ...that's my impression, you know. (IA) now you just...

Clark: Yeah.

UC Brian: ...(UI) that made me feel better, so--

Clark: Yeah, it's, just tell him (IA) everything's, everything was, it was good. I mean Jesus, you know.

UC Brian: Do I need to call the Speaker and talk about, like you told me to do?

Clark: No, you don't need to do it. No, because I, I actually just talked about the money. I was, I was, I was going, you know, there is no need for you to do it now, 'cause it's, he told me what to do. He said, you know, we'll make the decision of where it's going to go, and, um, then we'll just have, you know, the guys talk to Jeff. Okay, so I, I'm, everything's set. We need to, if we, if we write it now, it's going to be used on this HB6 thing. And I'm just wondering if I want to hold back, you know, but I want to talk to Jeff. I've been instructed to talk to Jeff, and we'll see what, what he (IA) do, and then we'll go from there. Okay?

Session 4988

UC Brian: Alright, alright, keep, keep us posted.

Clark: So, you know, just make sure you talk to, talk to, (IA) tell them it, it actually um, um, considering the fact that there doesn't want Larry, considering that the Senate doesn't want to do anything, um, you know, you should be, I think quite elated that the Speaker spent the time (UI) and you know, started saying he'd work on a compromise (UI) do it. So, I don't know.

UC Brian: (OV, UI)

Clark: Okay?

UC Brian: Alright.
